APPENDIX

This Appendix refers to:

Certificate Number: **Q4195** - Date of Expiry: **5 September 2021**

Allan Crawford Associates Group of Companies

Additional Divisions included in the registration are as follows:

Name

Scope:

IntegrYS is the trusted source of embedded computing, imaging technology, engineering know-how and local support for aerospace, defence, healthcare, manufacturing, public safety, telecom and transportation. Over 50 years of experience gives us the strategic insight and technical savvy to help you succeed.

IntegrYS Public Safety & Security provides market-leading technology solutions to police departments, border security agencies, correctional facilities and other such operations where people are in harm's way. A sub-brand of the ACA subsidiary IntegrYS, IntegrYS Public Safety and Security focuses on video and video management, particularly in situations where evidential information is required. This includes digital recording in interview rooms, body-worn cameras, license plate reading systems, in-car video systems, surveillance solutions and digital evidence management software systems. IntegrYS Public Safety & Security products not only help with the acquisition and management of evidential information, they also support decision-making in environments, such as control rooms, where critical decisions about whether to dispatch personnel, for example, are made.

SRC is Canada's premier source for innovative high-quality scientific products and laboratory services to industrial and scientific markets in Canada. Through continuous improvement and quality practices, SRC provides clients with exceptional laboratory services and support. An ISO9001-registered company, SRC delivers technical expertise and industry knowledge for all of the products represented.

ACA TMetrix Inc. is a leading Canadian distributor of test and measurement instruments and design tools. For over 55 years we have provided products manufactured by the world's leading instrument manufacturers. The company is a subsidiary of Allan Crawford Associates (ACA), one of Canada's largest distributors of imaging, embedded computing, test equipment, scientific instrumentation and custom engineered solutions.
